Result of Airborne Radiation and Temperature of 1st to 5th floor in Reactor Building of Unit 2 at Fukushima Daiichi Nuclear Power Station Surveyed by Robot
1st floor in Reactor Building of Unit 2

Radiation dose surveyed conducted in past

Airborne radiation
2nd floor in Reactor Building of Unit 2

Radiation dose surveyed conducted in past

Airborne radiation
3rd floor in Reactor Building of Unit 2

Location of Quince stopped

barricade (Piping)

Airborne radiation

Supporting material
4th floor in Reactor Building of Unit 2

Airborne radiation 才非 仍 }
5th floor in Reactor Building of Unit 2

Airborne radiation
