

Overview of the Social Communication Office

[Organization]

Social Communication Office

Director: To be appointed from outside the company (President Naomi Hirose will concurrently serve as the Director)

Deputy Director: Shinichiro Kengaku (Corporate Officer, Deputy Director of the Social Communication Office, Secretariat of the Management Restructuring Division)

Members: About 10

Risk communicators*: About 24

*Risk communicators have access to updated information related to the nuclear division at all times and play the role of promoting risk communication activities in compliance with social standards and providing recommendations to management on the nuclear risks that the company must be aware of and announce.

*Risk communicators belong to the Social Communication Office. About 10 of them will be assigned to the Fukushima region (Fukushima Revitalization Headquarters, Fukushima Daiichi Stabilization Center and Fukushima Daiichi and Daini Nuclear Power Stations), about 10 will be assigned to the Niigata region (Kashiwazaki-Kariwa Nuclear Power Station, Niigata Office) and about 4 will be assigned to the Head Office (Corporate Communications Department, Plant Siting & Regional Relations Department).
