

## Overview of the Mega Solar Power Station Projects in the Coastal Area of Kawasaki City

### 1. Scheme

### 2. Outline of Solar Power Stations

| Name                         | Ohgishima Solar Power Station                                | Ukishima Solar Power Station                                     |
|------------------------------|--|--|
| Location                     | Ohgishima, Kawasaki Ward, Kawasaki City, Kanagawa Prefecture | Ukishima Town, Kawasaki Ward, Kawasaki City, Kanagawa Prefecture |
| Maximum output               | 13MW   | 7MW  |
| Annual total generated power | Approx. 15,100MWh (Actual)<br>Approx. 13,700MWh (Estimate)   | Approx. 9,450MWh (Actual)*<br>Approx. 7,400MWh (Estimate)        |
| CO2 emission reduction       | Approx. 7,000 tons (Actual)<br>Approx. 5,800 tons (Estimate) | Approx. 4,400 tons (Actual)*<br>Approx. 3,100 tons (Estimate)    |
| Site area                    | Approx. 23 ha<br>(Owned by TEPCO)                            | Approx. 11 ha<br>(Owned by Kawasaki City)                        |
| Number of photovoltaic cells | Approx. 64,000   | Approx. 38,000   |
| Operational commencement     | December 19, 2011  | August 10, 2011  |

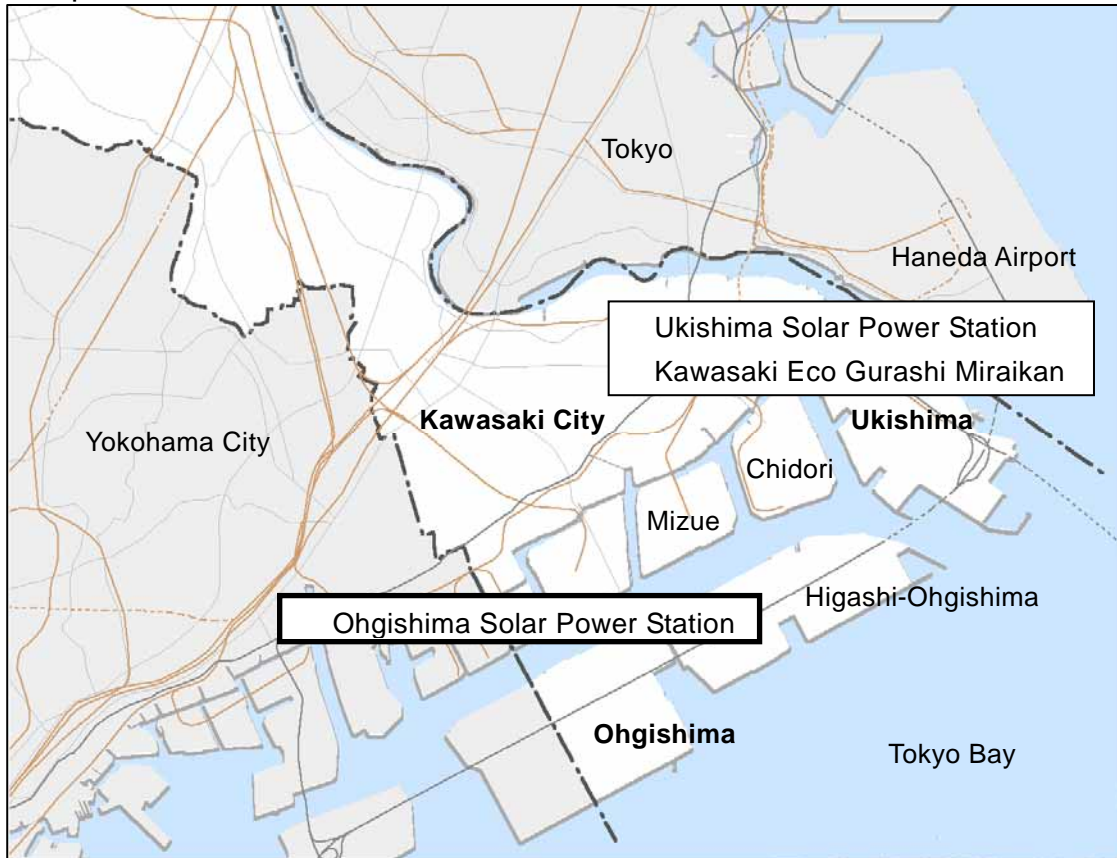

\* Operational results during the period from August 10, 2011 to August 9, 2012. (Previously announced on August 10, 2012).

### 3. Outline of Kawasaki Eco Gurashi Miraikan

|               |   |
|---------------|---|
| Administrator | Kawasaki City   |
| Location      | 509-1 Ukishima Town, Kawasaki Ward, Kawasaki City, Kanagawa Prefecture (Located in Ukishima Treatment Center) |
| Opening day   | August 6, 2011  |

|            |   |
|------------|---|
| Open hours | 9:00 AM to 4:30 PM (Admission free)<br>*Closed on Mondays and during year-end and New Year's holidays (For more information, visit <a href="http://eco-miraikan.jp/">http://eco-miraikan.jp/</a> )  |
| Outline    | Interactive learning facility with focus on global warming, renewable energy and resource cycling. The solar power panel installed at Ohgishima Solar Power Station is on exhibit. Mega solar power station observation tour is held in the observatory area. |

#### 4. Map

#### 5. Appearance of Ohgishima Solar Power Station
