

<Reference> Main Electricity Rates

(1) Transmission services

(¥)

			Unit	Class	R a t e (After April 1, 2005)	Current Rate
Extra-high Voltage	Standard connection transmission service	Demand charge	1 kW	-	400.00	405.00
		Energy charge	1 kWh	-	1.47	1.53
	Time-specific connection transmission service	Demand charge	1 kW	-	400.00	405.00
		Energy charge	1 kWh	Daytime	1.61	1.68
	Nighttime		1.30	1.36		
	Off-peak discount		1 kW	-	340.00	344.00
	Reserve transmission service	Reserve transmission service A	1 kW	-	60.00	60.00
Reserve transmission service B		1 kW	-	80.00	80.00	
High Voltage	Standard connection transmission service	Demand charge	1 kW	-	615.00	625.00
		Energy charge	1 kWh	-	2.64	2.71
	Time-specific connection transmission service	Demand charge	1 kW	-	615.00	625.00
		Energy charge	1 kWh	Daytime	2.93	3.01
	Nighttime		2.28	2.34		
	Off-peak discount		1 kW	-	523.00	531.00
	Reserve transmission service	Reserve transmission service A	1 kW	-	70.00	70.00
Reserve transmission service B		1 kW	-	95.00	95.00	
Proximity discount		1 kWh	-	0.15	0.15	

Note: Daytime: Between 8 A.M. and 10 P.M. daily

Nighttime: All hours excluding daytime

However, nighttime rates apply to all day Sundays, National Holidays as well as 1/2, 1/3, 4/30, 5/1, 5/2, 12/30, and 12/31.

Off-peak discount: Where a customer switches their electric load from daytime to nighttime, and where the maximum amount of electricity supplied occurs during nighttime, TEPCO will apply discounts on the portion of nighttime electricity charges that surpasses the maximum electricity supplied during the daytime.

Proximity discount: Refers to discounts applied to electricity received from power stations situated in regions that conduct proximity evaluations (Saitama Prefecture, Tokyo, Kanagawa Prefecture, Yamanashi Prefecture, or Eastern Shizuoka Prefecture).

**(2) Load-fluctuation electric power service fees**

Electricity supplied within the standard fluctuation range

(¥)

	U n i t	R a t e
Fees for electricity supplied within the standard fluctuation range	1kWh	8.45

Electricity supplied within the pre-selected fluctuation range

(¥)

	U n i t	C l a s s	R a t e	
Fees for electricity supplied within the pre-selected fluctuation range	Demand charge	1kW	-	
	Energy charge	1kWh	Summer seasons, daytime	16.22
			Other seasons, daytime	11.65
			Nighttime	9.83

Electricity supplied exceeding the fluctuation range

(¥)

	U n i t	C l a s s	R a t e
Fees for electricity supplied exceeding the fluctuation range	1kWh	Summer seasons, daytime	76.49
		Other seasons, daytime	49.08
		Nighttime	38.12
